Profile

Web Designer

I apply rigor and creativity to produce high quality web sites. I excel in team collaboration and solution brainstorming. My attention to small details will help your website make an impact on its viewers. I place the up most importance on my websites passing the current validation tests.

Experience

2007 - Present

Code Greene

I am currently a full time front-end web designer for Code Greene. I work closely with the back-end programmers so that the design and front-end elements work well with the back-end development.

2006 - 2007

Datamark

I was an Interactive Designer at Datamark. I designed and coded XHTML/CSS websites and Flash interactive games.

2006 - 2006

Marketing Media Communication

My work load at MMC consists of a variety of print jobs, web design productions, and some TV ads. I spent most of my time working on websites that require XHTML, CSS, and Flash.

2005 - 2006

Kimber Kable

I held the position of the Inhouse designer for Kimber Kable. I was in charge of the company's design work. This included advertisements, brochures, packaging, web sites, banners, and photography. I was always working with others inside and outside the company to achieve high quality work.

2004 - 2005

Weber State Student Association

I was in charge of all design work for WSUSA. This included posters, flyers, banners, T-shirts, announcements, and invitations. I worked closely with others to meet the needs of the group.

Education

B.F.A in Graphic Design from Weber State University

Graduated on High Honor Roll - GPA 3.7

A.S. of Arts from Dixie State University

Graduated on High Honor Roll - GPA 3.8

Technical Summary

Extensive experience with Adobe Photoshop, Illustrator, InDesign, Flash, and Final Cut

Extensive experience and knowledge with XHTML, and CSS with added emphasis on all XHTML and CSS passing proper validation tests

Strong knowledge of ActionScript

Intermediate knowledge of Javascript
